DAY 1	Thursday 11 th September 2014
7:30	Registration Opens
8:50	Opening Ceremony
9:00	Key aspects to be considered on the monitoring and testing of flocks vaccinated with rHVT-ND - <i>Roberto Soares, Ceva, Malaysia</i>
9:30	Vaccination and monitoring of breeder flocks is essential for an effective control of chicken infectious anaemia - <i>Haraldo Toro Auburn University, USA</i>
10:00	An integrated approach of serologic and molecular diagnostics for the control of <i>Mycoplasma gallisepticum</i> and <i>Mycoplasma synoviae</i> - <i>Pablo Lopez, IDEXX, USA</i>
10:30	Break
11:00	Anticoccidial sensitivity test (AST): An effective tool when designing anticoccidial programs for optimising broiler performance - <i>Chavalit Piriyaenjawat, Zoetis, Thailand</i>
11:30	Update on the practical use of PCR tools for poultry disease diagnostics - <i>Stephane Lemiere, Merial, France</i>
12:00	Lunch
1:15	2nd Asian Avian Pathology Lecture (Introduced by Prof. Richard Jones, Chairman of the Houghton Trust) "Infectious bursal disease: prophylaxis, detection and monitoring" <i>Prof. Dr. Md. Rafiqul Islam, DVM, MSc (VetSc), PhD, AvH Fellow, Department of Pathology, Faculty of Veterinary Science, Bangladesh Agricultural University, Bangladesh</i>
2:00	Monitoring Gumboro vaccines take – field and laboratory approach - <i>Roberto Soares, Ceva, Malaysia</i>
2:30	Monitoring of broiler intestinal health to improve performance - <i>Koen de Gussem, Huvepharma, Belgium</i>
3:00	Serology applied to preventive avian medicine - <i>Pablo Lopez, IDEXX, USA</i>
3:30	Break
4:00	Testing and monitoring of mycotoxins in poultry - breakthroughs of a new era - <i>Randy L. Payawal, Biomin, Philippines</i>
4:30	Comparative performance of commercial <i>Mycoplasma gallisepticum</i> and <i>M. synoviae</i> antibody ELISA kits and haemagglutination inhibition - <i>Dan T. Domingo, Zoetis, USA</i>
5:00	Diseases of domestic ducks: diagnosis and control - <i>Thaweesak Songserm, Kasetsart University, Thailand</i>
5:30	Vaccination in broilers as a tool for integrated coccidiosis control - <i>Koen de Gussem, Huvepharma, Belgium</i>
6:00 – 7:00	Cocktail Reception
DAY 2	Friday 12 th September 2014
8:45	Development of diagnostic assays to monitor novel poultry enteric viruses - <i>Michael Day, USDA/ARS Southeast Poultry Research Laboratory, USA</i>
9:00	Monitoring viral pathogens in poultry dust - <i>Stephen Walkden-Brown, University of New England, Australia</i>
9:15	Monitoring of fowl adenoviruses using environmental samples - <i>Robin R. Achari, University of New England, Australia</i>

9:30	Methods to detect viable viral pathogens in poultry litter and implications for disease monitoring - <i>AFM Fakhru Islam, University of New England, Australia</i>
9:45	Immunopathological effects of Ochratoxin A in broiler chicks and its amelioration with Baker's Yeast - <i>M. Kashif Saleemi, University of Agriculture Faisalabad, Pakistan</i>
10:00	Infectious bursal disease virus influences the transcription of chicken γ c and γ c family cytokines during infection - <i>Yongping Wu, Zhejiang A&F University, China</i>
10:15	Break
10:45	Age, flock size, vaccines, biosecurity and seasonal effect on Newcastle disease antibody level after vaccination regimes in layer birds - <i>Md Jalal Uddin Sarder, University of Rajshahi, Bangladesh</i>
11:00	Characterization of novel nanoparticle based vaccine for avian influenza - <i>Mazhar Khan, University of Connecticut, USA</i>
11:15	Ultrasensitive electrochemical immunoassay for avian influenza subtype H5 using nanocomposite - <i>Jiaoling Huang, Guangxi Veterinary Research Institute, China</i>
11:30	Determination of shedding profile of infectious bursal disease virus in faeces of infected SPF chickens and association with levels in host tissues, dust and litter - <i>J.M.K.G.K. Jayasundara, University of New England, Australia</i>
11:45	Prevalence of colibacillosis in chickens in greater Mymensingh district in Bangladesh - <i>Minara Khatun, Bangladesh Agricultural University, Bangladesh</i>
12:00	Lunch
1:00	Immunoreactivity of nonstructural protein 5 of infectious bronchitis virus - <i>Min Liao, Zhejiang University, China</i>
1:15	Detection and isolation of H7N9 avian influenza virus and its prevalence in Eastern China - <i>Yang Yu, Zhejiang University, China</i>
1:30	Detection of genotype VII Newcastle disease virus using TaqMan real-time PCR for diagnosis and vaccine efficacy study - <i>Sheau Wei Tan, Universiti Putra Malaysia, Malaysia</i>
1:45	Diversity of methicillin resistant Staphylococcus aureus isolated from chickens - <i>Zunita Zakaria, Universiti Putra Malaysia, Malaysia</i>
2:00	Autophagy protects against infection of infectious bursal disease virus - <i>Jiyong Zhou, Zhejiang University, China</i>
2:00	Detection of emerging Campylobacter species in broiler chickens - <i>Saleha Abdul Aziz, Universiti Putra Malaysia, Malaysia</i>
2:30	Break
3:00	WVPA Matters - <i>Nigel Horrox, Vice President WVPA</i>
3:15	Prevalence, characteristics and antibiogram study of salmonella isolated from poultry and poultry environment - <i>Ariful Islam, Bangladesh Agricultural University, Bangladesh</i>
3:30	Assessment of infectious laryngotracheitis virus excretion from commercial chickens by qPCR - <i>Parimal Roy, Tamilnadu Veterinary and Animal Sciences University, India</i>
3:45	Occurrence of variant infectious bronchitis virus (QX-like and 793/B strain) in Peninsular Malaysia - <i>Dr David Choe, Asia-Pacific Special Nutrients Sdn., Malaysia</i>
4:00	Expression and polyclonal antibody preparation of chicken UBC9 - <i>Jia Lu, Zhejiang University, China</i>
4:15	Development of indirect ELISA and autogenous vaccine for control Inclusion body hepatitis in chickens - <i>Thaweesak Songserm, Kasetsart University, Thailand</i>
4:30	Close

BOOKING FORM

Online bookings can be made at: www.positiveaction.co.uk

2nd WVPA Asia Meeting

Bangkok, Thailand – 11-12th September 2014

Please complete and post to the address below or fax to +44 1377 253640

Delegate details

Mr ☐ Ms ☐ Dr ☐ First Name(s): _____

Surname: _____

Job Title: _____

Company: _____

Address: _____

Postcode: _____

Country: _____

Email: _____

Telephone: _____

Fax: _____

Please advise us of additional delegate names on a separate sheet of paper

The conference costs \$US199* (£UK120/6500Baht)

**price includes a set of bound conference papers, cocktail hour, lunches and refreshments*

I would like to book ☐ places at _____ each TOTAL COST = _____

Two easy ways to pay (group rates available)

☐ **By CHEQUE** (to be drawn on a London bank in £UK and enclosed with this form) Cheques should be made payable to: Positive Action Publications and sent to PO Box 4, Driffield, East Yorkshire YO25 9DJ, England.

☐ **By CREDIT CARD** Please charge my ☐ VISA ☐ AMEX ☐ Mastercard
Name on card _____

Card No. _____

Expiry date _____

Signed _____

☐ Please ☒ if you are EU VAT registered & supply EU VAT No. _____

Terms and conditions Upon receipt of your booking, your place will be confirmed. Any cancellation must be in writing and received at least 14 days prior to the event, in which case a cancellation fee of \$40 will be incurred. Once within the 14 day period, no refund will be given for a cancellation but a substitute delegate may be named at any time prior to the event.
